## Part 8: Course Based CTE

November 2018

Paul Freid & Greg Gilman

# Overview

- ▶ JMC has released a series of videos and documentation updates in October and early November.
- ▶ The videos will be short and will cover various small portions of WISEdata updates for 2018–19.

# WISEdata Updates 18-19

## PART 8: Course Based CTE

Course-based CTE reporting will be established based on students taking courses that are associated with CTE via the state course code tied to the course.

Some additional course/section data elements will also need to be designated for the CTE courses as well.

Also, CTE courses sections with a mix on CTE participants/concentrators and nonparticipants will need to be split into two separate course sections for correct WISEdata submission.

## PART 8: Course Based CTE

State Course Codes associate a course with CTE  
– See video 5 of this series for more details

For CTE courses the state course code is also associated with Career Pathways

You must designate at least one Career Pathway for your CTE course

## PART 8: Course Based CTE

**Certificated Program Status** For members of a CTE course with a Career Education Program specified for the course section, all students are required to be awarded a Certificated Program Status when they complete the course, or in other words when the final course grade is submitted for the term.

Certificated Program Status must be entered in the Comments column when awarding the final grade for the term.
